

## AGREEMENT BETWEEN SOCIAL WORK SCOTLAND AND CROWN OFFICE & PROCURATOR FISCAL SERVICE – COVID-19

**25 June 2020**

This agreement has been reached in consultation and collaboration with COPFS. Its purpose is to offer guidance in respect of **DIVERSION FROM PROSECUTION** for the duration of the Covid-19 pandemic and for consistency.

The current timescale for the assessment report is that it should be received within 20 days of the request being sent by COPFS and the intervention then completed within around 3-months.

The **statutory time bar** contained in the Criminal Procedure (Scotland) 1995 Act places a 6-month time limit on the commencement of summary proceedings for certain statutory offences. **This has been extended to 12 months**. This will include cases which have already been reported to COPFS and which are in the Diversion system.

COPFS are currently filtering out as many new cases as is reasonably possible from the Diversion process and ensuring that staff are aware that when marking for Diversion they must be aware that there will be risk of the intervention not being completed in the timescale allocated.

Based on the emergency legislation contained in the **Coronavirus (Scotland) Act 2020** COPFS have reassessed timescales:

- **Assessments should be completed in 28 days wherever possible but no later than within 6 – 8 weeks** of the request being sent by COPFS. This will be kept under regular review as the justice system moves through the phases of the Coronavirus (COVID-19): Scotland's Route Map.
- **Interventions** should be completed **within 6 months** of the return of the assessment to COPFS.

If the assessment has already been undertaken and the Diversion is ongoing then an additional 6 months should be added to the target completion date of the intervention.

If there are specific local issues arising please that are non-urgent, please communicate those directly back to COPFS but expect a response to be slower than normally.
